Wipro and First Horizon Bank Forge a Cloud-Based Fintech Future for VirtualBank

Partnership enables seamless transition to cloud ecosystem and integration of new fintech capabilities

New York, USA and Bangalore, India – September 13, 2021: Wipro Limited (NYSE: WIT, BSE: 507685, NSE: WIPRO), a leading global information technology, consulting and business process services company, has partnered with Tennessee-based First Horizon Bank (FHN) to transform the core banking channels and servicing capabilities of VirtualBank, an established digital bank that FHN inherited from Louisiana-based IBERIABANK as part of the merger completed in 2020. The combined entity's assets are approximately \$87 billion.

Wipro worked with six other companies to streamline VirtualBank's cloud migration and support its fintech stack on a public cloud ecosystem. Wipro also supported the bank's end-to-end program management, governance, customer data conversion, migration and validation, systems integration and testing services. This partnership resulted in a comprehensive transformation of VirtualBank's legacy technology stack to a cloud-based, Application Programming Interface (API) enabled offering.

Wipro partnered with FHN to evaluate the fintech cloud products; developed end-to-end solution architecture, core configuration and accounting fund flows; and managed customer data migration and a quality assurance plan. Wipro also invested in a real-time event aggregator capable of collecting mission critical events from various cloud sources and reconciling and reporting on them for regulatory purposes. Wipro's business domain and technological insight and expertise contributed to a rapid cloud migration, requiring about eight months to complete the project implementation.

"Offering full cloud support to a digital bank with thousands of customers was a challenging exercise. Wipro was able to help guide the process by combining the best aspects of modern and legacy financial systems. A repeatable playbook was created for the go-live launch sequence that can bring a competitive advantage to the market. Wipro is proud to be First Horizon's strategic business partner in this journey which has better equipped both companies for the future," said **Mahesh Raja, Vice President and Sector Head - Banking and Financial Services, Americas, Wipro Limited.**

"We are proud to work with Wipro to support VirtualBank's adoption of cloud technology and new capabilities. Through a collaborative process, we addressed the unique challenges of converting to a cloud-based ecosystem and setting up new capabilities to build upon in the future," said **Anthony Restel, Chief Operating Officer, First Horizon.**

Wipro has a successful history of supporting cloud migration for a range of enterprises, taking a bespoke approach that considers the unique situation of every customer and partner to create the ideal digital transformation.

Forward-Looking Statements

The forward-looking statements contained herein represent Wipro's beliefs regarding future events, many of which are by their nature, inherently uncertain and outside Wipro's control. Such statements include, but are not limited to, statements regarding Wipro's growth prospects, its future financial operating results, and its plans, expectations and intentions. Wipro cautions readers that the forward-looking statements contained herein are subject to risks and uncertainties that could cause actual results to differ materially from the results anticipated by such statements. Such risks and uncertainties include, but are not limited to, risks and uncertainties regarding fluctuations in our earnings, revenue and profits, our ability to generate and manage growth, complete proposed corporate actions, intense competition in IT services, our ability to maintain our cost advantage, wage increases in India, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which we make strategic investments, withdrawal of fiscal governmental incentives, political instability, war, legal restrictions on raising capital or acquiring companies outside India, unauthorized use of our intellectual property and general economic conditions affecting our business and industry. The conditions caused by the COVID-19 pandemic could decrease technology spending, adversely affect demand for our products, affect the rate of customer spending and could adversely affect our customers' ability or willingness to purchase our offerings, delay prospective customers' purchasing decisions, adversely impact our ability to provide on-site consulting services and our inability to deliver our customers or delay the provisioning of our offerings, all of which could adversely affect our future sales, operating results and overall financial performance. Our operations may also be negatively affected by a range of external factors related to the COVID-19 pandemic that are not within our control. Additional risks that could affect our future operating results are more fully described in our filings with the United States Securities and Exchange Commission, including, but not limited to, Annual Reports on Form 20-F. These filings are available at www.sec.gov. We may, from time to time, make additional written and oral forward-looking statements, including statements contained in the company's filings with the Securities and Exchange Commission and our reports to shareholders. We do not undertake to update any forward-looking statement that may be made from time to time by us or on our behalf.
