Wipro Awarded Boomi Worldwide Spotlight Award 2021

Award recognizes Wipro's leadership in driving digital transformation by developing Digital Integration as a Service platforms

New York, NY, USA and Bangalore, India – February 04, 2022: Wipro Limited (NYSE: WIT, BSE: 507685, NSE: WIPRO), a global leader in information technology, consulting, and business process services company, has received the [2021 Worldwide Spotlight Award](#) from Boomi™, the intelligent connectivity and automation leader, at Boomi's recent Global Partner Summit. The award recognized Wipro's contributions to the development of the Digital Integration as a Service (DaaS) solution, built on the [Boomi AtomSphere™ Platform](#).

Wipro's DaaS solution enables companies to accelerate their integration modernization initiatives and drive better business outcomes with enhanced visibility into distributed integration landscapes. It also helps companies reduce their total cost of ownership through unified monitoring and management of the numerous IT systems and applications in their environments. The Boomi AtomSphere Platform is the leading integration platform as a service (iPaaS) for cloud-connected businesses. The company has connected more than 189,000 unique endpoints to date and has over 18,000 customers processing more than 4.5 billion integrations every month on its revolutionary platform.

"The challenge that every organization faces today is navigating the transformation journey. DaaS helps companies get in-depth visibility of their digital integration landscape, making them more agile, lean, and dynamic. This award recognizes Wipro's efforts to deliver intelligent solutions," said **David Tavolaro, Vice President of Global Business Development, Boomi**.

"This award is a testament to Wipro and Boomi's shared commitment to building innovative solutions that deliver tangible business value for our customers. Digital Integration as a Service, built on Boomi's platform, enables enterprises to manage Application Programming Interface (APIs), events, and B2B partners with real-time data monitoring and interactive dashboards. We are honored to win this award, particularly as it recognizes the ability of DaaS to accelerate clients' time to value," said **Hemantha Kumar C, Practice Head, Digital Business Integration, IDEAS, Wipro Limited**.

Together, Wipro and Boomi provide comprehensive integration expertise that accelerates digital transformations across highly distributed environments. By collaborating on Digital Integration as a Service platform with Boomi, Wipro helps companies navigate complex integration architecture across the cutting-edge infrastructure. This is a critical step towards enabling cloud-native development and results in faster automation for better visibility, reduced costs, and improved application integration.

With DaaS, companies can achieve greater accuracy, consistency, and reliability of their integration platform while removing manual errors and reducing individual development efforts.

About Wipro Limited

Wipro Limited (NYSE: WIT, BSE: 507685, NSE: WIPRO) is a leading global information technology, consulting and business process services company. We harness the power of cognitive computing, hyper-automation, robotics, cloud, analytics and emerging technologies to help our clients adapt to the digital world and make them successful. A company recognized globally for its comprehensive portfolio of services, strong commitment to sustainability and good corporate citizenship, we have over 220,000 dedicated employees serving clients across six continents. Together, we discover ideas and connect the dots to build a better and a bold new future.

Forward-Looking Statements

The forward-looking statements contained herein represent Wipro's beliefs regarding future events, many of which are by their nature, inherently uncertain and outside of Wipro's control. Such statements include, but are not limited to, statements regarding Wipro's growth prospects, its future financial operating results, and its plans, expectations and intentions. Wipro cautions readers that the forward-looking statements contained herein are subject to risks and uncertainties that could cause actual results to differ materially from the results anticipated by such statements. Such risks and uncertainties include, but are not limited to, risks and uncertainties regarding fluctuations in our earnings, revenue and profits, our ability to generate and manage growth, complete proposed corporate actions, intense competition in IT services, our ability to maintain our cost advantage, wage increases in India, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which we make strategic investments, withdrawal of fiscal governmental incentives, political instability, war, legal restrictions on raising capital or acquiring companies outside India, unauthorized use of our intellectual property and general economic conditions affecting our business and industry. The conditions caused by the COVID-19 pandemic could decrease technology spending, adversely affect demand for our products, affect the rate of customer spending and could adversely affect our customers' ability or willingness to purchase our offerings, delay prospective customers' purchasing decisions, adversely impact our ability to provide on-site consulting services and our inability to deliver our customers or delay the provisioning of our offerings, all of which could adversely affect our future sales, operating results and overall financial performance. Our operations may also be negatively affected by a range of external factors related to the COVID-19 pandemic that are not within our control. Additional risks that could affect our future operating results are more fully described in our filings with the United States Securities and Exchange Commission, including, but not limited to, Annual Reports on Form 20-F. These filings are available at www.sec.gov. We may, from time to time, make additional written and oral forward-looking statements, including statements contained in the company's filings with the Securities and Exchange Commission and our reports to shareholders. We do not undertake to update any forward-looking statement that may be made from time to time by us or on our behalf.
