SCHEDULE -19 SIGNIFICANT ACCOUNTING POLICIES

(in thousands, except share data and where otherwise stated)

Accounting convention

The preparation of consolidated financial statements in conformity with Indian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, revenues and expenses and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Basis of preparation of financial statements: -

The accompanying consolidated financial statements have been prepared in accordance with Accounting Standard 21 'Consolidated Financial Statements' and Accounting Standard 23 'Accounting for Investments in Associates in Consolidated Financial Statements.

Principles of consolidation:-

The consolidated financial statements include the financial statements of Wipro and all of its subsidiaries, which are more than 50% owned and controlled and its affiliates where the group holds more than 20% of voting power and has significant influence. All material inter-company accounts and transactions are eliminated on consolidation. The group, accounts for investments in affiliates by the equity method.

Revenue recognition

- Sales include applicable sales tax unless separately charged, export incentives, and are net of discounts.
- Sales are recognized on despatch, except in the following cases:
 - Consignment sales are recognized on receipt of statement of account from the agent
 - Sales, which are subject to detailed acceptance tests, revenue is reckoned based on milestones for billing, as provided in the contracts
 - Revenue from software development services includes revenue from time and material and fixed price contracts. Revenue from time and material contracts are recognized as related services are performed. With reference to fixed price contracts revenue is recognized in accordance with percentage of completion method of accounting
- Export incentives are accounted on accrual basis and include estimat ed realizable values/benefits from special import licenses and Advance licenses.
- Agency commission is accrued on shipment of consignment by principal.
- Maintenance revenue is considered on acceptance of the contract and is accrued over the period of the contract.
- Other income is recognized on accrual basis.

Fixed Assets and Depreciation

Fixed assets are stated at historical cost less depreciation.

Interest on borrowed money allocated to and utilized for fixed assets, pertaining to the period up to the date of capitalization is capitalized. Assets acquired on hire purchase are capitalized at the gross value and interest thereon is charged to Profit and Loss account. Renewals and replacement are either capitalized or charged to revenue as appropriate, depending upon their nature and long-term utility.

In respect of leased assets, lease rentals payable during the year is charged to Profit and Loss account.

Depreciation is provided on straight line method at rates specified in Schedule XIV to the Companies Act , 1956, except on computers, furniture and fixture, office equipment, electrical installations (other than those at factories) and vehicles for which commercial rates are applied. In Wipro Inc, Enthink Inc and Wipro Japan KK depreciation is provided on Written Down Value method.

Intangible Assets

Intangible assets are stated at cost less accumulated amortization. Intangible assets are amortized over their estimated useful life ranging between 5 years and 20 years.

Goodwill

The goodwill arising on consolidation / acquisition is not being amortised. It is tested for impairment on a periodic basis and written off if found impaired.

Investments

Long term Investments are stated at cost and short term investments are valued at lower of cost and net realizable value. Diminution in value is provided for where the management is of the opinion that the diminution is of permanent nature.

Inventories

Finished goods are valued at cost or net realizable value, whichever is lower. Other inventories are valued at cost less provision for obsolescence. Indigenously developed software products are valued at cost, which reflects their remaining economic life. Small value tools and consumables are charged to consumption on purchase. Cost is computed on weighted average b asis.

Provision for retirement benefits

For employees covered under group gratuity scheme of LIC, gratuity charged to Profit and Loss account is on the basis of premium demanded by LIC. Provision for gratuity (for certain category of employees) and leave benefit for employee's is determined as per actuarial valuation at the year -end. Defined contributions for provident fund and pension are charged to the Profit and Loss account based on contributions made in terms of applicable schemes, after netting off the amounts rendered surplus on account of employees separated from the Company. Certain categories of employees are entitled to pension benefits which are determined based on factors like years of services and cumulative basic salary. The company has provided for the liability based on an actuarial valuation. The compensation paid if any, on voluntary retirement to the employees is charged off as an expense in the year of Incurrence.

Deferred Tax

Tax expenses charged to Profit and Loss account is after considering deferred tax impact for the timing difference between accounting income and tax income. Deferred tax assets are recognized when there is a reasonable certainty that they will be realized. Deferred tax asset relating to unabsorbed business I osses are recognized when there is a virtual certainty that there will be sufficient taxable profits to utilize them.

Foreign currency transactions

The Company is exposed to currency fluctuations on foreign currency transactions. With a view to minimize the volatility in financial statements arising from fluctuations in the currency rates, the Company follows established risk management policies, including the use of foreign exchange forward contracts.

As a part of the Risk Management Policies, the forward contracts are designated as hedge of highly probable forecasted transactions. The accounting standard on "The effects of changes on foreign exchange rates", which was amended with effect from April 1, 2004 provides guidance on accounting for forward contracts. Further to that, the Institute of Chartered Accountants of India has clarified that this accounting standard is not applicable to the forward contracts which are for hedging highly probable forecasted transactions.

Foreign currency transactions are recorded at the spot rate at the beginning of the concerned month. Period end balances of foreign currency assets and liabilities are restated at the closing rate/forward contract rate, as applicable. The exchange difference arising from restatement or settlement is recognized in the profit and loss account.

Gains/losses, including gains/losses on intermediary roll over/cancellation, of Forward contracts designated as hedge of highly probable forecasted transactions are recognised in the profit and loss account in the period in which the forecasted transaction is expected to occur.

Other forward contracts, options etc. which are not designated as hedge of forecasted transaction, are marked to market on the balance sheet date and the resultant gain/l oss is accounted in the profit and loss account for the period.

In respect of non-integral operations assets and liabilities are translated at the exchange rate prevailing at the date of the balance sheet. The items in the profit & loss account are translated at the average exchange rate during the period. The differences arising out of the translation are included in translation reserve.

Research and Development

Revenue expenditure on research and development is charged to Profit and Loss account and cap ital expenditure is shown as addition to fixed assets.

NOTES TO ACCOUNTS

1. Goodwill on consolidation as on the balance sheet date comprises of the following:

	(Rs. in 000s)
Wipro Fluid Power Limited	18,272
Wipro Spectramind Services Limited	3,775,289
Wipro Healthcare IT Limited	175,011
Cygnus Nigri Investments private Limited	16,255
Enterprise Services	1,102,109
Financial Services	305,670
Total	5,392,606

2. As of June 30, 2004, forward contracts to the extent of USD 227,000 have been assigned to the foreign currency assets in the balance sheet. These assets are valued at the forward contract rate, adjusted for premium / discount in respect of the expired period.

The Company has designated forward contracts as hedge of highly probable forecasted transactions. The gain or loss on these forward contracts is recognized in the profit and loss account in the period in which the forecasted transaction is expected to occur. In certain cases, the Company has enter ed into forward contracts having a maturity earlier than the period in which the hedged transaction is forecasted to occur. The gain / loss on roll over / cancellation on such contracts is recognized in the profit and loss account in the period in which the forecasted transaction is expected to occur.

The Company has also entered into option contracts. These option contracts have not been designated as hedge and consequently, they are marked to market at each balance sheet date and the gains / loss is recognized in the profit and loss account of the respective period.

As at the balance sheet date, the Company had forward contracts to sell of USD 997,510 in respect of forecasted transactions. The effect of marking to market of the said forward contracts and e ffect on intermediary roll over of the forward contracts is unfavorable exchange difference of Rs. 2,076,362, the final impact of which will be recognized in the profit and loss account of the respective periods in which the forecasted transactions are expected to occur.

Had the Company continued to apply the earlier accounting policy, the profit for the period would have been lower by Rs. 355,000 approximately.

3. In June 2004, the company acquired trademark /brand "Chandrika" for an aggregate consideration of Rs. 238,100. The Company is entitled to use the trademark/brand in manufacturing, selling and distributing products in India and other SAARC countries.

The Company has also entered into a non-compete agreement with the sellers of "Chandrika" brand. The company will pay an up-front non-compete fee. In addition, the Company will pay an annual non-compete fee computed as a specified percentage of the revenues from products sold under "Chandrika" trade-name, subject to a minimum annual payment.

Based on the performance of various other comparable established brands in the market the company estimates that the useful life of the brand is at least 20 years and hence the cost of the brand is amortized over the period of 20 years.

The upfront non-compete fee is amortized over the period of agreement and the annual non-compete fee is recognized in the respective years.

- 4. During the quarter ended June 30, 2004 the company acquired 653,807 shares from the employees of Wipro Spectramind for a consideration of Rs. 84,995.
- 5. The company has a 49% equity interest in Wipro GE Medical Systems Private Limited (WGE), a joint venture with General Electric, USA. The joint venture agreement provides specific rights to the joint venture partners. The Management believes that these specific rights do not confer joint control as defined in Accounting Standard 27 "Financial Reporting of Interest in Joint Venture". Consequently, WGE is not considered as a joint venture and consolidation of financial statements are carried out as per e quity method in terms of Accounting Standard 23 "Accounting for Investments in Associates in Consolidated Financial statements".

Investments in WeP Peripherals Ltd have been accounted for by equity method.

- 6. Last year the company received a demand from the income tax department of Rs. 2,614,568 (Including interest demand of Rs. 764,485) for one of its assessment years. Un-provided liability on this account is Rs. 2,315,568. The tax demand is mainly on account of disallowance of deduction claimed by the compa ny under Section 10A of the Income Tax Act 1961, in respect of profits earned by its undertakings in software technology park at Bangalore. As per the opinion of the company's legal counsel the said disallowance is not tenable. The management of the company has filed an appeal challenging the disallowance. Considering the facts and nature of disallowance, the management believes that there will be a positive final outcome and there is no material impact on the financial statement.
- 7. The breakup of accumulated net deferred tax asset is given below:
